EXAMINATION QUESTIONS

You will be expected to answer questions consisting of some quotations; one-word or short-answer questions; identification of quotations with the name of the speaker, chapter, and verse; questions that require direct quotations, chapter, and verse; definitions; multiple choice; and questions that require a listing of people, places, things, or events found

in various chapters of the entire Bible portion from which the questions are taken. There are no essays or oral questions. The grading of examinations will include spelling and capitalization. Participants at the national competition will be given up to three hours to complete the exam.

DECLARED WINNERS

The contestant with the highest total score will be declared the winner. If there is a tie or ties, additional written questions will be given to the contestants until the winner is determined.

EXAM COPIES

You may look over your exam after the winners have been announced. However, neither the original exam nor a copy of it will be given to you. National competition exams are kept in the GARBC Ministry Resource Center in Schaumburg, Illinois, for one year and then destroyed. This procedure is necessary because the exams may be repeated.
