

Our Educational Institutions

WHEREAS there is a growing trend of secular humanism (which is ungodly in nature and diabolical in purpose) in the educational centers of our country; and

WHEREAS many of these schools have left their foundational positions, and have departed from their original objectives; and

WHEREAS the General Association of Regular Baptist Churches always has believed in the importance of strong, Christ-honoring, Bible-believing centers of higher learning, and has supported faithfully these institutions; and

WHEREAS the General Association of Regular Baptist Churches has approved seven schools which fully support the position and objectives of the Regular Baptist fellowship; and

WHEREAS many of our institutions are continually suffering increased financial pressures;

THEREFORE BE IT RESOLVED that we, the messengers of the General Association of Regular Baptist Churches, meeting in Grand Rapids, Michigan, June 23–27, 1986, encourage our churches to support by prayer and financial giving these educational agencies, and that our churches challenge their young people to seriously consider enrolling in these schools;

BE IT FURTHER RESOLVED that we exhort those involved in the education of our youth to maintain with all diligence their position of faith in God and His Word, and their opposition to all forms of compromise with the world and with the god of this age, Satan.
